PERMISSIBLE NEGLIGENCE?

If you carelessly ran over a man with your automobile it is probable that you would have to pay him damages for your carelessness.

In every walk of life a man is held responsible for his careless act if it causes injury to others, except in case of fire. An individual can carelessly burn up \$100 of his own property and \$100,000 worth of his neighbor's and nothing is said. The city may spend \$1,000 or \$10,000 of taxpayers' money to put out the fire.

Owners of tenement houses, hotels and rooming houses can maintain absolute fire traps with open stairways which act as flues for a fire in the building, this cutting off means of escape for occupants. Such buildings burn down daily and we calmly read of the persons killed in the fire "which originated from some unknown cause" and think no more about it. We pay no attention to the fact that the building and the construction of its stairways offered visible proof that if a fire started in the structure it meant almost sure death to some of the occupants.

Thousands of cities permit this class of construction and when persons are burned to death through the criminal negligence of an owner and a city permitting the use of such a fire trap, nothing is said and no damages are collected.

The whole process of the law will be set in motion to collect \$100 for a man who has had a finger broken in an automobile accident. But 15,000 persons can be burned to death annually in the United States, many through the criminal negligence of property owners in maintaining fire traps, and not a complaint is uttered.

WHERE DO WE EAT NEXT YEAR?

Our Community Hotel, the campaign for which is now being organized, is one outstanding achievement of the Chamber of Commerce of which we are very proud.

A papa may be pardoned for boasting about his child, and the Board of Directors and members of the Richmond Chamber of Commerce will put in the next 12 months bragging about the new Fireproof Hotel promoted under their auspices.

Citizens of Richmond will soon be given the privilege and opportunity to invest in this sound community project.

Seven per cent preferred stock, per \$100 per share, and no-par common at Ten Dollars per share, will be sold in units of one share of each for \$110 per unit.

The common stock is for distributing excess profits.

Charles B. Hamilton, owner of a string of hotels reaching from Fresno to the Arizona line at Needles, has signed a 30-year lease on the entire building, on a profit-sharing basis. He gets no profit until the hotel pays all expenses, including fixed charges and the preferred dividends.

Then he gets half of the net profits.
Mr. Hamilton says he will make good money in the Richmond hotel, and his operating sheet allows for a 20 per cent vacancy throughout the year.

We know we won't have that large a vacancy percentage, so we know we will make more than Hamilton allows for.

AND NOTE THIS: The Richmond Community Hotel stock does not contain a single dollar of promotion stock, not a nickel of water, not a nickel of commissions paid to anybody for selling stock.

A voluntary sales organization of business men, mostly members of the Chamber of Commerce, will sell the stock.

The chairman of the executive committee is H. A. Johnston, president of the Chamber of Commerce.

The General Salesmanager is Larkin J. Younce, vice-president of the Mercantile Trust Company.

The Division salesmanagers for the campaign are: E. B. Bull, vice-president of the Chamber; Harry Marcus, Harley Carter, vice-president of the Richmond Furniture Company; and Fred B. LaMoine president of the Richmond Merchants Association.

The Richmond Community Hotel Company is headed by E. M. Downer, president of the Mechanics Bank, and the other directors are Charles S. Renwick, vice-president of the Chamber and president of the Decora Manufacturing Company; T. H. DeLap, attorney; H. A. Johnston, and Guy W. Wolf.

The company will be managed by the stockholders and Board of Directors just as any other corporation.

The only difference is that this company will be a community-owned enterprise with several hundred stockholders, all local people, and with the stock widely distributed in small blocks.

Every citizen and property owner should be a PARTNER in this most distinctive community enterprise.

SETS 'EM TALKING

Members and non-members who attended the big dinner of the Richmond Chamber of Commerce last night will be talking for some time about the inspirational nature of the meeting.

Hon. Albert E. Carter, member of Congress from Alameda, whose subject was "Richmond's Harbor," Captain H. S. Pond, government engineer, who also spoke on the harbor, and Wilbur

DRESS

By MARY MARSHALL

AS spring advances a certain amount of such an arrangement as a dress is made to be placed in the hands of the fashion designer. The dress is made to be placed in the hands of the fashion designer. The dress is made to be placed in the hands of the fashion designer.

Here are some of the features that the fashion designer finds in her note book:

Though say colors have been flaunted this season and everybody is wearing red and bright blue and green and yellow, here and there one sees a very smart black dress. Black crepe de chine is the rather unexpected medium for crystal-trimmed evening frocks. The skirt shows a touch of this material embroidered with crystals and silver beads.

You may have seen one of the new frocks cut with a sort of apron-like front and draped so that the hem line hangs lower at the front than at the back. The

And did you know that the checker collar was no longer regarded as the latest style of neck adornment? The newer models are somewhat longer and are sometimes worn with a pendant hanging at the back.

The whisper goes around that a frilly feather trimming on the skirts of dance frocks is no longer smart, and in its place one frequently finds heavy silk fringe. Some of the ends of each strand of the fringe are weighted with a tiny crystal bead, or treated with metal.

And did you know that the checker collar was no longer regarded as the latest style of neck adornment? The newer models are somewhat longer and are sometimes worn with a pendant hanging at the back.

YOU CAN - AND YOU CAN'T
HOW many minutes or hours a day do you spend beautifying yourself or improving your appearance? Some time you must spend, if you are a true daughter of Eve, for no one is so beautiful that she does not need these little attentions, and none so ugly that she cannot be improved by the right sort of attentions.

But just what sort of self-attentions are worth while and what are not? That is a question that you ought to answer or have answered for yourself if you do not want to waste a great deal of time.

The other day a woman's magazine published a little story telling just what to do to reduce large ankles. An elaborate system of massage was set down, and the girl with large ankles was warned that to get results she must be persistent. Now this really seemed a shame. Except in very, very rare cases no amount of massaging would

Pierce, local orator, who recently captivated a big audience in Oakland with his eloquence, injected some more of the serum of enthusiasm under our hides, and gave us a vision of what we can do for our city by co-operative effort.

The good thing about gatherings like this is that by rubbing shoulders occasionally we find out what a good town we live in and what fine people we have to work with in building a bigger Richmond.

bring down the size of your ankles enough to make any difference in appearance. In fact, most of the ankles are due to the structure of the bone. The only thing to do, if you do not want to let your ankles show, is to wear shoes that will best camouflage the large ankles.

So, too, efforts to make perfectly straight hair, or to make it look like it is, are futile. But the only thing to do is to keep the hair clean and free from oil, and also to keep the hair in its natural position, so that it is as far more attractive than a artificially white hair and indifferently tended.

WHERE IT STARTED

THE NAMES OF TEA

Most of the various names for tea are Chinese origin. "Hyson" means "before the rain" or "flourishing spring." "Bohea" is the name of "Souchong" means "small plant." "Congou" means "labor," expressive of extra care taken in preparation. "Ceylon" of course, is merely the place where that particular tea is grown.

Radio Band Comes To The California Theatre on Sunday

Will Gunzenodter and his Radio Band comes to the California theatre in his new act "The Radio Band" next Sunday. This orchestra has been very popular with the radio fans when they broadcasted from K. P. O. under the title of the Cleveland Six in the last year. Now the band is KERO official Saturday night broadcasting band, playing from Drury Lane in the Hotel Whitcomb.

Will Gunzenodter and his boys completed a very successful engagement at the Hippodrome theatre, Sacramento, where they were the head line act. They also played at Santa Rosa, Watsonville, Monterey, Modesto and many of the other leading cities in Northern California. A few months ago they played to packed houses at the Wexham theatre in San Francisco.

This is somewhat of an unusual band, besides their melodies they are featuring something new in act synchronization. Every member of the band is a soloist and Mel Lyons and Will Gunzenodter will be heard in a group of their radio songs which have been so popular with the listeners. Those who are responsible for the rhythm and the fun in the band are: C. Parsons, D. N. Cross, Boie Gentry, Roy Remus, Ray Davis, and last but not least, is the drums man Frank Smith, who makes the comedy in the band is responsible for.

"Heart Bandid" At The Richmond

"Heart Bandid" was the very best of the audience at the Richmond theatre last night when Andy Davis' newest Metro picture, "The Heart Bandid" opened on a 7 day run. This latest of the Davis series has all the elements that mean enjoyment for the spectators. Romance, thrills, comedy, pathos all play a part and through it Miss Davis gives her dainty way.

The story is a merry tale about a girl bandid who is regenerated when she breaks into the home of an old lady and her son in running from the police. The dramatic and comic situations arise from this premise being that many exciting and laughable moments in which the star is superb.

Milton Sills as Miss Dana's lecherous man, and he never gave a more delightful performance in any of the big successes in which he has appeared. Wallace MacDonald does a great piece of work in a semi-comedy role, and others in the cast include George Clair, Bertram Grassby, and D. Witt Jennings.

Oscar Apfel directed the production. Tom J. Hopkins wrote the addition of Fred Kennedy's story, and John Arnold did the photography. Other features on the same program include the seventh thrilling chapter of "Haunted Valley" featuring Ruth Roland; "Felix All Star" a Felix, the cat, cartoon.

Four El Cerrito Residents Hurt In Auto Accident

When the Ford automobile in which they were riding collided with a Dodge auto driven by W. Badbrook, 6501 Flora street, Oakland, on the Standard Oil Tank Farm hill shortly after 9 o'clock Friday evening, four El Cerrito residents were painfully, but not seriously injured.

The Ford turned completely over and pinned the occupants beneath the wreckage. Archie Zehmsier, Lexington avenue, cut both legs and sprained his left foot. R. E. Williamson, Jr., Avis Drive, suffered slight cuts and bruises. W. E. Creston, 217 Fairmont avenue, cut both hands and bruised his back. Carl Eckhart, 185 Bernhans street, cut a hand and skinned a knee. All were treated at the Abbott Emergency hospital.

Zehmsier was driving the Ford in a northerly direction when the two machines came together. Badbrook was driving south. When the autos collided the Ford turned over and smashed the top. The Dodge had both front wheels smashed and a quantity of glass broken. The driver of this machine was not injured, however.

SPANISH WAR VETERANS AUXILIARY HOLDS MEET

The initial meeting of the auxiliary to the United Spanish War Veterans in the new Memorial hall was held last night. There was a good number of members out to the meeting which was presided over by President Mrs. June from and which was devoted to regular business only.

The next regular meeting of the organization will be held in Memorial on the evening of Friday, May 22.

"The Turmoil" At California Today

There are some plays that depend on mystery for their appeal; some on dramatic action or surprise climaxes; some purely on thrills and excitement; but after all, the greatest appeal in a play is in humaneness. This is well exemplified in "The Turmoil" Robert Henley's Universal Jewel production of Booth Tarkington's famous novel, now playing at the California theatre.

The play has all qualities, one laughs with its characters, one weeps with them; its smashing dramatic episodes thrill; but over all these things, the play is great because it is life itself. Booth Tarkington perhaps better than any other author, knows how to set real human beings into his stories.

It is a powerful story, the tale of a self-made millionaire, impetuous, ruthless, and indomitable, fighting ever to gain more dollars. The son, a temperamental youth with the soul of an artist, he struggles to break to his will.

Other features on the same program include "King Cotton," a Lloyd Hamilton comedy; International News; Larry Canelo at the organ.

"It she only a fortune-hunter after all?" See For Yourself in Booth Tarkington's **THE TURMOIL** Featuring GEORGE HACKATHORNE, Eleanor Boardman, Eileen Percy, Emmett Corrigan, others.

Daily Cross Word Puzzle

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterrupted.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white space remain uninterrupted.

Gas Tax O. K.

(Continued from Page 1)
understood, has been made by Attorney-General U. S. Webb and the whole matter now is before the governor for decision. And the dilemma presents either the destruction by veto of the hardest work of the 1925 legislature, or the declaration of a motorists' holiday during which the state will probably lose millions of dollars in taxes.

What the consequences would be if the tax were allowed to temporarily lapse were suggested today by Harry Lutgens, private secretary of Governor Richardson.

"It would never do to allow that to happen," he said. "Everybody in the country would buy up all the gasoline they could get while the tax was off."

Governor Richardson is in Los Angeles and his attitude on the prospective "tax holiday" could not be gained Senator Arthur H. Breed of Piedmont, author of the three-

cent gasoline tax bill, who led a desperate fight in carrying the measure through the legislature, also was unavailable for interview.

CLASSIFICATION OF BILL

Attorney-General Webb, however, was non-committal. He said the entire matter was before the governor and he would prefer to await an announcement from the latter before making any statement.

Lutgens said the question involved a legal point which he was not competent to discuss. The decision turned upon a question of whether or not the three-cent tax bill was considered a new measure or merely an amendment to the two-cent law now in operation.

The decision understood to have been given the "governor by Webb is that the three-cent tax bill is an entirely new measure and, if signed by the governor, would automatically render the two-cent law imperative.

The Liberty Market at 16-20 Washington avenue, Richmond, is offering some unusual bargains today and all next week.

The manager of this popular market makes it a point to meet cash and carry prices and also extends credit and even delivers the purchases free.

Most of the cut down price grocery stores will not deliver anything and they positively will not extend credit.

The Liberty Market is building up a large business by going the cash and carry stores one better.

This market has been known in the past as one of the best places in Richmond to trade, because of the fresh stock always on hand and the sanitary condition of the market.

Training for Service

KEEPING pace with America's telephone needs means keeping ahead. The work of preparation never ends.

There must be complex engineering studies, careful financing plans, and thousands of manufacturing operations before new facilities can be built and made ready for public use.

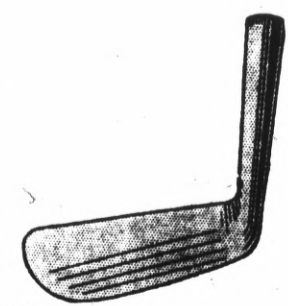

And when they are ready, the workers must also be ready, skilled in the multitude of tasks incident to the operation and maintenance of telephone plant and equipment.

In every important center in the country, new members of the telephone forces are in continuous training, preparing to meet tomorrow's telephone needs.

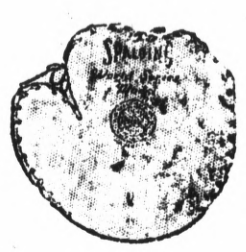

For your telephone system is a living, growing organism. Last year 836,163 telephones were added to its national service. Millions of miles of wire interlace the continent, to interconnect your telephone with nearly 16,000,000 others. Tomorrow there will be more telephones, for the nation demands and expects them.

DARKNESS ENDS TIE GAME WITH SCORE 4 TO 4

For the first time this season a baseball game in any league in Richmond had to end without the issue being decided. This occurred when the Richmond Radios crossed bats with the McRackens at the First street park last night. Dark-ness closed in during the seventh inning and the game ended with the score standing 4 to 4.

The game was tight in every department with the pitchers showing excellent work and the batters showing a brand of ball sufficient to keep the score close. There were no very long hits, and a very few of the clutch resulted in two batters.

Senior Students Are Banquetted By High Juniors

The Senior students of Richmond Union high school were the guests of the Junior class at one of the time-honored and most annual entertainments ever staged in this city at the Roosevelt cafeteria Friday night. A total of approximately 250 were in attendance and they unanimously stated that the banquet was most delicious and the program a particularly fine character.

Clark Worley, president of the Junior class, gave a very interesting address, as did Harold Swanson, president of the Senior class.

The remainder of the program consisted of 8 numbers, broadcast over Radio station KHS. H. Alvey was the announcer. The feature number was the song "Good World Blues" while the other selections consisted mostly of jokes which off very much on several of the students of the school.

Coolidge Urges American Lead In Organizing For World Peace

(By Universal Service)
WASHINGTON, May 8. President Coolidge believes that America should do its utmost toward organizing the nations of the world in the ways of peace.

This was emphasized tonight by the President in the strongest terms in a speech opening the national oratorical contest at the Washington Auditorium.

International problems to which America must give thought, the President said are:

1. Assuring justice alike to the weak and strong.
2. Assuring peace with honor.
3. Entrenching conscience in places of authority too long usurped by mere force.

The President's speech, delivered on the occasion of awarding prizes to a group of high school students in an oratorical contest, made a profound impression on his audience. He said:

DEPENDS ON YOUTH.

"There is another reason why we should be rejoiced that those young people of today, who will be the citizens of tomorrow, should thus have had their thoughts directed to the basic things which concern the framing of society.

"Our nation has a weighty responsibility, not only for maintaining its own welfare, liberty and power, but for the utmost possible contribution toward organizing the nations and peoples in the aspirations and the ways of peace.

"There is a field for institutional development to which the thoughts of men and women everywhere are turned as they never were before.

"Though their scale is greater, yet the problems in this realm of world organization, are essentially the same as those to which mankind has been addressing itself from the beginnings of society.

"These are the problems of assuring justice alike to the weak and the strong; of assuring peace with honor; of entrenching conscience in places of authority too long usurped by mere force.

INSPIRATION BORN.

"The same humanity that has been able to erect the rules of law and liberty on the scale of great nations and mighty federations, will at last find institutions by which to place international relations upon the same sure foundations.

"Perhaps the inspiration to leadership in such work of world states-

Manhood may have been born in some of these young men and women, because of the studies that lie in the background of this occasion.

"It is none too great a hope to entertain of so worthy an enterprise, but whether or not such a fruition be possible, we can at least be sure that the thought and effort which find their culmination here, have been devoted to a noble and generous purpose.

"They have aimed to raise the standard of civic usefulness and individual equipment for the greatest duties that will be imposed upon men and women in the generations that lie before us."

Christian Church Special Services For Mother's Day

Services at the First Christian church, corner Sixth street and 12th avenue, Sunday, May 10, will be devoted entirely to church news Mother's Day. It was announced yesterday by Frank A. Woten, pastor of the church.

At the morning service, Evangelist N. W. Rev. Rich is expected to be in Richmond at this time and will be greeted by Rev. Woten to give a special address.

A solo on "Mothers" will be given by Miss Helen Vachon, and a hymn, "Mother's Anthem" will be sung by the choir.

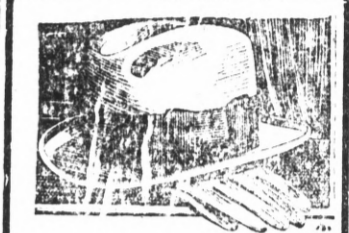

The entire evening program, consisting of music, prayer, and devotion, will be given by Rev. Rich, who will be assisted by Mrs. Ross Coffey and Mrs. John K. Kline, and old-fashioned hymns.

FIRE IN FIELD WILL

A slight fire broke out in the Richmond Ford and Grain Mill, located on Seventeenth street near Chanlor avenue, yesterday afternoon and the Fire department was called out to extinguish the blaze which did very slight damage.

and songs that mothers used to sing will be again sung by the children to the audience.

FEET AFLAME

Mr. Louis Storm rejoices over recovery from burning feet.

I suffered from burning and itching feet for over a year. My sleep was greatly disturbed and finally my condition became so serious that for some months I was unable to work. I tried many doctors and remedies, but obtained no relief. At last I went to FONG WAN and took his herb treatment, which I rejoice to say afforded me complete relief. I can now sleep and work without the slightest discomfort.

MOTHER'S DAY OBSERVED BY ROTARY CLUB

Mothers' wives and mothers-in-law of the Richmond rotary club members were in attendance at the Mothers' Day celebration of the club yesterday, which was held with an exceptionally fine program. Four beautiful numbers, including Mothers' songs and lullabies, were rendered by Mrs. Shirley Shaw of Stockton, in a most pleasing manner. Mrs. Edzar Cunningham was the accompanist. Warm applause was given Mrs. Ross Calfee, who with Mrs. Vera Wyatt Frazer at the piano, sang several very fitting selections.

Rev. Shirley Shaw, pastor of the First Christian church of Stockton, delivered the address. He spoke about mothers and motherhood in a talk that was beautiful in thought and which was given in a direct impressive manner.

An ovation was given Jesse Hitchcock, prominent Rotarian, who has recently been critically ill, by the members of the club on his return. The chairman of the day, was Thomas A. Boxer.

MOVES TO MARTINEZ

Mrs. Mae I. Jaffa, local representative of the Viavi company, has moved her offices to 337 Main street, Martinez. Mrs. Jaffa was formerly located in the Berry building, Eighth and Macdonald avenue, Richmond.

city is up to the people of this community.

The city of Richmond is losing and will continue to lose dollars until someone gets busy and provides facilities on the inner harbor.

When development is once started on the harbor it will be impossible to provide facilities fast enough to take care of the commerce that will be offered.

Richmond can have a part if it desires in building on the East side of San Francisco Bay a port—not one that will rival any—but one that will be the greatest seaport and city in the world.

These in effect were the key notes of the addresses delivered at last night's community meeting of the Chamber of Commerce at the Christian church by Hon. Albert E. Carter, congressman from Alameda County and Captain H. S. Pond, assistant engineer for this district of the rivers and harbors department of the War Department.

H. A. Johnston, president of the Richmond Chamber of Commerce, acted as chairman of the evening, and reviewed the progress that had been made on the Richmond harbor during

the last few years and what was contemplated.

ACCOMPLISHMENTS TOLD.

Judge D. J. Hall, city attorney, stated when called upon by the chair that the City Council has accomplished the following things:

That contrary to reports the opportunity for the opening of Tenth Street and the development of the Inner Harbor had not been ripe and feasible previous to this time. That only after the report had been received from the engineers by the C. of C. had a definite program been outlined.

That an application had been filed with the U. S. Government for permission to dredge at the Inner harbor on the contemplated site for wharf No. 2 on the inner harbor were now being drawn.

That assurance had been received from the Ellis Landing and Dock Company that 10th street and Dock street would be dedicated. That a right of way would be granted for a railroad down either 8th or 9th street.

The bids for the dredging of the inner harbor for the location of Wharf No. 2 would be opened on May 25.

That the Building of Wharf No. 2 would be under way as soon as plans can be completed and the necessary preliminary work completed.

SPRIT COMPLETED.

Aubrey Wilson complimented the various organizations in the city for the community spirit which had been developed and the support of the program which had been presented by the Chamber of Commerce for the development of the entire city. He spoke of the co-operation of the city council and pointed out that at times entirely too much was expected from this organization.

Wilbur S. Pierce, who ran away with all the honors at the Eastbay Community dinner held in Oakland on Tuesday evening stressed the importance of the creation of a spirit of community unity for the accomplishment of the greatest good. He called upon every forward citizen in the community to support the chamber of Commerce and get behind its program. The cup which was won by Pierce who competed against all of the cities in the Eastbay at the Oakland meeting was on display at the speakers table.

NEW SERVICE STATION OPENS TENTH, BARRETT

Richmond's newest aid to motorists, the Community Service Station, opens for business this morning at Tenth street and Barrett avenue, in one of the most modern service stations it is possible to build, handling Standard, Richfield and General gasoline and lubricants.

W. F. Wilson and J. A. Miller are the proprietors, and to them dishing out gas and oil is not enough, so they have adopted "Service" as their watchword and motto and have arranged for everything for service to the autoist, including a car washer.

They will also handle Veedel, Pen-zel and Calvados oils and United States tires. They invite an inspection any time today.
